### A Word from Sharon Marston

---

Dear Friends-

With Thanksgiving just around the corner, we would like to take a moment to say *thank you* to the 10 members of [Jack's inaugural marathon team](#) and to the 1200 participants who came out to run with us on the morning of October 9 in Glen Ellyn. In particular, we send our heartfelt appreciation to the groups who joined us and ran in honor of a family member or friend battling this disease. [Together, we raised over \\$56,000.](#)

We give thanks for the [200 dedicated volunteers](#) from the community that helped before, during and after the run.

And finally, a special tribute to [our sponsors](#) -- With their generous support, 100% of each participant's donation will go directly to research and awareness efforts.

We send our deepest gratitude and sincere wishes for a Happy Thanksgiving to you and yours.
